

REPORT SUMMARY FOR SDG 3, GOOD HEALTH AND WELL-BEING

Introduction

Like many other world-class universities, Covenant University achieves healthy lives and promotes well-being for her and the outside communities. The free annual health checks for all faculty and staff members and the paid health services for the university and outside community from Covenant University Medical Centre are among the activities that promote good health and well-being. Other engagements to tackle SDG 3 at Covenant University are highlighted below.

Does your university, as a body, collaborate with NGOs to tackle the SDGs

Yes
